

# matchbox twenty, Leave

It's amazing  
how you make your face just like a wall,  
how you take your heart and turn it off,  
how I turn my head and lose it all

It's unnerving  
how just one move puts me by myself  
There you go just trustin' someone else  
Now I know I put us both through hell

I'm not sayin'  
there was nothin' wrong  
I just didn't think you'd ever get tired of me  
And I'm not sayin'  
we ever had the right to hold on  
I just didn't wanna let it get away from me

But if that's how it's gonna leave  
straight out from underneath,  
then we'll see who's sorry now  
If that's how it's gonna stand, when  
you know you've been depending on  
the one you're leavin' now  
the one you're leavin' out

It's aggravating  
how you threw me on  
and you tore me out,  
how your good intentions turned to doubt  
the way you needed time to sort it out

I'm not sayin'  
there was nothin' wrong  
I just didn't think you'd ever get tired of me  
And I'm not sayin'  
we ever had the right to hold on  
I just didn't wanna let it get away from me

But if that's how your gonna leave  
straight out from underneath,  
then we'll see who's sorry now  
If that's how it's gonna stand, when  
you know you've been depending on  
the one you're leavin' now  
the one you're leavin' out  
the one you're leavin' now  
Now now now no  
the one you're leavin' out

I'm not sayin'  
there was nothin' wrong  
I didn't think you'd ever get tired of me

But if that's how your gonna leave  
straight out from underneath,  
then we'll see who's sorry now  
If that's how it's gonna stand, when  
you know you've been depending on  
the one you're leavin' now now

yea well tell me is that how it's gonna end  
when you know youve been depending on  
the one you're leaving now  
the one you're leaving out

i'm the one your leavin' now  
the one you're leavin' out
