

# matchbox twenty, The Difference

Slow dancing on the boulevard in the quiet moments while the city's still dark  
Sleepwalking through the summer rain, in the tired spaces you could hear her name  
When she was warm and tender and you held her arms around you  
There was nothing but her love and affection, she was crazy for you  
Now she's part of something that you lost

(chorus)

And for all you know  
This could be  
The difference between what you need  
And what you wanna be  
Yeah, what you wanna be

Night swimming in her diamond dress making small circles move across the surface  
Stand watching from the steady shore, feeling wide open and waiting for  
Something warm and tender, now she's moving further from you  
There was nothing that could make it easy on you  
Every step you take reminds you that she's walking on

Yeah, for all you know  
This could be  
The difference between what you need  
And what you want...

Every word you never said  
Echoes down your empty hallway  
And everything that was your world  
Just came down

Day breaking on the boulevard, feel the sun warming up your second-hand heart  
Light swimming right across your face and you think, maybe someday, yeah  
Maybe someday

For all you know  
Yeah, this could be  
The difference between what you need  
And what you want...

Yeah, for all you know  
For all you know  
Yeah, for all that you know  
This is what you wanna be  
Girl, what you wanna be
