## matchbox twenty, Wild Dogs (Running in a Slow I

We were eyes wide open when the world got dark Dancing to a rhythm that felt so hard You could feel it, you could feel it And blood eyes, cold vapor, racing through my veins Chasing down a feeling that I can't explain But I need it, yeah, I need it And the wild dogs calling from the other side Come on over, we could run all night Whoo-whoo! Whoo-whoo!

And the world just stops
But the night goes on
And the strangest sound
Like a wave that keeps on crashing over me

And when you hear it calling
Out underneath your window
There's a world outside that's waiting
Saying come on, come on, come on!
We got a restless feeling
And in a world of people
There's only you and me
Wild dogs running in a slow dream
(Oh-who) Wild dogs running in a slow dream

We were crash hard falling like a waterfall Slow, sweat dancing in the music hall We were shining, yeah, we were trying Got a slow start running, we were picking up steam All time lows and small town scenes On the big screen, mmhmm

And the world just stops
But the night goes on
And the strangest sound
Like the waves that keep on crashing over me

So when you hear it calling
Out underneath your window
There's a world outside that's waiting
Saying come on, come on, come on!
We got a restless feeling
And in a world of people
There's only you and me
The wild dogs running in a slow dream
Whoo-whoo!

And if we get lost somewhere God, I hope we never will be found 'Cause everybody else's small town dreams Are crashing over me

And when you hear it calling
Out underneath your window
There's a world outside that's waiting
Saying come on, come on, come on!
We got a restless feeling
And in a world of people
There's only you and me
Wild dogs running in a slow dream

Oh-whoa, wild dogs running in a slow dream Oh-whoa, yeah wild dogs running in a slow, dream Whoo-whoo! Whoo-whoo!
