

Mates of State, Throw Down

Cut out of the same rope
Moving in directions
You are the same but yet not I

Jason:
Domesticate everybody c'mon
It's so normal and I like what you say

Kori:
Down, down
Common sense sometimes

Made out on the getaway
Losing isn't all it's worth

I have just one job in my mind

Jason:
Domesticate everybody c'mon
It's so normal and I like what you say

Kori:
Down, down
Common sense sometimes

Come inside and see this sight
And watch it grow now
We're not here
I'm working up
I'm stacking masters

Meet you there
We'll take what's next from where it left us
Come inside and see this sight
And watch it grow now
Grow now
On

Jason:
Domesticate everybody c'mon
It's so normal and I like what you say

Kori:
Throw down, down
Common sense sometimes
