Matt Kowalsky, Code

Every move is like a cod of sonic vibe
It is a tale for a night
I am the queen
You can be my knight
The sweet romance will last
For one dance
What brought you to this door
And enter the rabbit whole
Here we all got common mind
Carry on
It is a tale for a night
Dont hesitate
Dont fight
If you get carried away
You may stay
It was a tale for a night
No ever after
No goodbyes
Couse weve got only
Here and now
So enjoy the fun
