

# Matt Nathanson, This Heartbreak World

Lets all pack up and move this year  
Slips the liars and disappear  
Leave memories for auctionnaires  
And those just standing still  
They'll miss the taste of wanting you  
Call out your name like I still do  
But they never said a word thats true  
And they only hold you down  
And this heartbreak world  
Of just imagine  
With its tired talk of better days  
And this heartbreak world  
Where nothing matters  
Come on lets make this dream that's barely half awake come true  
Let's move out of Los Angeles  
Just drive until this summer gives  
And forget the lies we use to live  
'cause we're gone  
And this heartbreak world  
Of just imagine  
With its tired talk of better days  
And this heartbreak world  
Where nothing matters  
Come on lets make this dream that's barely half awake come true  
Ohhhh ohh ohhhh, woaaa oohhhh  
And this heartbreak world  
Of just imagine  
With it's tired talk of better days  
And this heartbreak world  
Where nothing matters  
Come on lets make the dream that's barely half awake come true  
And this heartbreak world  
With tired talk  
And this heartbreak world  
Where nothing matters  
Come on lets make this dream that's barely half awake  
Come on lets make this dream that's barely half awake come true
