

Matt Pond PA, Bad Idea

always up for views
the snow fell in for hours
covering up the bruise
of hostile hesitation
shuffle on the phone
it's better off to settle down
but that's bad idea
that's a bad idea
being fooled

roads are all but through
the fire tower isn't open
stuck alone with you
the cost of conversation
shuffle in the snow
it's better off to settle down
but that's a bad idea, that's a bad idea
being fooled
we're snowed in, we're snowed in

working hard to recognize
the cost of all the clues
but that's a bad idea, that's a bad idea
being fooled
