

Matt Wertz, Counting To 100

Never been much good on my own
So I'm tryin' to find somebody else
Never been good at finding much
Except this lonlieness all by myself

Spottin' you ain't been easy
I could use one hand, maybe two
'Cuz I got this spot right beside me baby...
Waiting here just for you

So you go hide, and I'll come seek
And maybe someday in the middle we just might meet
Because I'm counting to 100 and I promise I won't peek
As you go hide...
And I'll come seek

How much longer will this game go on?
I guess only time will tell
I hate to hear that you're all alone
Overlooked in search of someone else

So you go hide, and I'll come seek
And maybe someday in the middle we just might meet
Because I'm counting to 100 and I promise I won't peek
As you go hide...
And I'll come seek

Please show your face
Because I want you to be here, here
I want you to be here

So you go hide, and I'll come seek
And maybe someday in the middle we just might meet
Because I'm counting to 100 and I promise I won't peek
As you go hide...
And I'll come seek
