

Matt Wertz, Simple Things

Didn't mean to say I love you
I guess my touch was good as breath
Now I'm swimming through the silence
Moments after you said

And now it
Ain't such a simple thing
Ain't such a simple thing
Anymore

Guess you caught me on my blind side
Picking this jaw up off the ground
Such a dangerous proposition, baby
Such a frightening sound

And now it
Ain't such a simple thing
Ain't such a simple thing
Anymore

Leave it to my heart to tell you one thing
And my head something else

And now it
Ain't such a simple thing
Ain't such a simple thing
Anymore

I didn't mean to say I love you
