

Mattafix, To Fro

I had a thought of you
Insolitude without rescue.
Your Thoughts are in the pouring rain,
And you feel the way
ou did before i met you.
Now I see the pain
forcing you the blame,
The only man that loved you.
Well no one more got close to before.
i'm amazed i let you.
To and fro,- Is now my thoughts would go
While I was looking for my release.
You should know,
I had to let you go
Now and forever more,
I'm out of reach.
now I see it all, right before me,
your little story.
My role was on the page
i refused to play in your tragedy
i feel no remorse
while you deal whit yours.
How you feeling lately?
well no one more got,
close to me before,
lady you betrayed me.
To and fro,
Is now my thoughts would go.
While I was looking for my release.
You should know,
I had to let you go
Now and forever more,
I'm out of reach.
yeah
hence in the past tense
the sentiment,
taking arguments,
taking offense.
The only consequence
i'm left to lament,
the love that came and went.
I'm still a true gent.
Never bitter and never twisted.
Only optmistic about the main statistic.
Number one is standing
vertical couse i never,
take things personal belive me.
My woman my woman
is gone,
and so me jus move on
Da linguist, this producer ,
this performer,
moulded by the pain and the trauma.
I'm on a mission
to listen
to intuition more than.
I've ever done before,
never keep the hidden.
I won't woist away
I'll wake up from day
to day and i'll feel this
You're on a need to know basier
To and fro,
Is now my thoughts would go.

While I was looking for my release.
You should know,
I had to let you go
Now and forever more,
I'm out of reach.
