

# Matteo Bocelli, Chasing Stars

When I was younger  
My father was my hero  
Put me up on his shoulders  
We sang to the moon, moon  
Waterfalls and  
pebbles and stones  
Autumn walks when  
we were alone  
He'd say to me  
Don't stop chasing stars  
Don't stop chasing stars  
Chasing stars  
Be who you are  
I was a lost boy  
Who found faith in music  
Just something about the way it made me feel, feel  
Orchestration, strings and a bow  
Oh so patient  
My father he knows  
That I won't stop  
Don't stop chasing stars Don't stop chasing stars Be who you are  
Be who you are  
Be who you are Be who you are  
Waterfalls and pebbles and stones Autumn walks when we were alone He'd say to me  
Don't stop chasing stars Don't stop chasing stars Don't stop chasing stars Chasing stars  
Be who you are
