

# Matthew Mayfield, First in line

I'll run my fingers through your hair tonight  
There's no one else, I'm sure of this  
I need you now  
I'll give you all of me  
I'll make you mine  
If you'll take me and make me  
Your first in line, oh  
I've made my home in your heart and your mind  
And you laid your hands on my chest and  
You pointed home  
I'll give you all of me  
I'll make you mine  
If you'll take me and you'll make me  
Your first in line, oh  
I've seen you, I've kissed you  
In two hours, I've missed you  
I'll take it, I'll make it  
I'll give you all  
I'll give you all of me  
I'll make you mine  
If you'll take me and you'll make me  
Your first in line  
Whoooo  
Oh, oh, oh
