

# Matthew Sweet, Beware My Love

Have to wonder if I care  
If I want to know you only  
As if you weren't really there  
You begin to touch me slowly  
I don't feel it any more  
Than I feel the path I follow  
Everything I gave away  
Was supposed to come back

I believe my love  
I didn't mean to hurt you  
Beware my love  
You know you don't deserve to be abused

Ask me if I want to know  
No I won't be needing to  
I got a message from the country  
And I'll be leaving soon

Believe my love  
I didn't mean to hurt you  
Beware my love  
You know you don't deserve to be abused  
My love  
I didn't mean to hurt you for myself

Believe my love  
I didn't mean to hurt you  
Beware my love  
You don't deserve to be abused  
My love  
I didn't mean to hurt you  
Beware my love  
You know you don't deserve to be abused

Have to wonder if I care  
If I want to know you only...
