

# Matthew Sweet, I Almost Forgot

You would never turn around  
You're laughing at everything  
That's bringing me down  
Did you say you loved me?  
I almost forgot, I almost forgot

That I will never be free  
There'll always be something  
Stuck inside of me  
Did you say you felt that?

I almost forgot, I almost forgot  
I almost forgot, I almost forgot  
I almost forgot, I almost forgot

You knew me  
Changed my name  
If love leaves us for a moment  
Is it gone forever?  
Make up your mind

But then you should never have to choose  
Whenever you win you know  
I'm wishing you'd lose  
So you know I love you

I almost forgot, I almost forgot  
I almost forgot, I almost forgot  
I almost forgot, I almost forgot
