

# Matthew Sweet, Make Believe

Everything is perfect in a way  
But not today  
What could tomorrow bring  
Even when I beg you  
Will you please be good to me  
You're running free

Just make believe you believe me  
And I'll try harder than before  
Cause it's a real love  
That keeps us coming back for more

If anything  
Anything I question can be used  
Against my will  
And it will be till you  
Understand the question is  
A cup that can't be filled  
By what you feel

I'll make believe I love you  
And I'll try harder than before  
Cause it's a real love  
That keeps us coming back for more

(Solo)

Just make believe you love me  
And I'll try harder than before  
Cause it's a real love  
That keeps us coming back for more.
