

Matthew Sweet, Make Believe

Everything is perfect in a way
But not today
What could tomorrow bring
Even when I beg you
Will you please be good to me
You're running free

Just make believe you believe me
And I'll try harder than before
Cause it's a real love
That keeps us coming back for more

If anything
Anything I question can be used
Against my will
And it will be till you
Understand the question is
A cup that can't be filled
By what you feel

I'll make believe I love you
And I'll try harder than before
Cause it's a real love
That keeps us coming back for more

(Solo)

Just make believe you love me
And I'll try harder than before
Cause it's a real love
That keeps us coming back for more.
