

Matthew Sweet, Never Said Goodbye

Time - Will always find a way to win
You find yourself giving in
Everybody feels it

But you never Said Goodbye
You Never Said Goodbye
and I thought you owed me something
but you know I'm just beginning to understand...

that there is not a place to go
better than the one you know
and I think you knew it

Cause you never said goodbye
You never said goodbye
And I thought you owed me something
but you know I'm just beginning to understand

(Guitar Solo)

Everybody has to pay
For everything they've given away
There's nowhere to put it

You never said goodbye..[chorus out]
