

# Matthew West, Curtain

I've been catching up on daydreams  
Yeah, I've been lost all afternoon  
'Cause I've been imagining a future  
In a world of only You  
In a world of only You

Chorus:

When the curtain falls down on me  
I will be free, I will be free  
When the curtain falls down on me  
I believe I will be free, free

See, I get so stuck here in the shadows  
Where it's hard to escape this gravity  
This life is heavy now but I know, yes I know  
That someday gravity's gonna lose it's grip on me

Second Chorus:

When the curtain falls down on me  
I will be free, I will be free  
When the curtain falls down on me  
See I beleive I will be free  
Free to fly away  
I'm free to fly away

Bridge:

The show's not over, but I know how it ends  
I know how it ends  
When this dream becomes reality  
It's no mystery where I will be

Third Chorus:

When the curtain falls down on me  
I will be free, I will be free  
When the curtain falls down on me  
I will be free  
I will be free  
I will be free  
When the curtain falls down on me  
I believe I will be free  
Free to fly away  
I'm free to fly away  
Free to fly away  
Free to fly away

Oh, wow, look at me now  
Leaving the ground  
Up in the cloud  
So high  
Up in the sky  
It's time to fly away  
Fly away  
I'm free to fly high away  
I'm free to fly
