Matthew West, Something To Say

Wake up, 7:32 AM
Cant believe its time to do it over again
Yesterday, it took all that you had
And youre wonderin if youll ever get it back
But the whole wide world is waiting for
Waiting for you to step out that door
Come on and let your life be heard today

You got something to say
If youre livin, if youre breathin
You got something to say
And you know if your heart is beatin
You got something to say
And no one can say it like you do
God is love and love speaks through
You got it, you got it
You got something to say

Yeah, yeah Something to say Yeah, oh

Listen up, I got a question here Would anybody miss you if you disappeared? Well your life is the song that you sing And the whole wide world is listening Well the answer to the question is You were created, your life is a gift and The lights are shining on you today, cause

You got something to say
If youre livin, if youre breathin
You got something to say
And you know if your heart is beatin
You got something to say
And no one can say it like you do
God is love and love speaks through
You got it, you got it
You got something to say

Yeah You got something to say Come on, come on, yeah

Sing na na, yeah

Listen up, I got a question here Would anybody miss you if you disappeared? Well your life is the song that you sing And the whole wide world is listening

Oh

You got something to say
And no one can say it like you do
God is love and love speaks through
You got it, you got it
You got something to say

Yeah Something to say Come on, come on, yeah And the world is listening now And the lights are shining down Shining down on you today, cause You got something to say

So just say it
