

Matush, One By One

You and me forever walking
My mind

She got my heart in the hand/ 4x
The hand

She just wants to rock'n'roll
Rock'n'roll
Take it from me
Take it from me
Yeah

Do you wanna go faster?
She just wants to rock'n'roll
Rock'n'roll
C'mon now, c'mon
Take it from me
Take it from me
She got my heart in the hand
She got my heart in the hand

See the song it sings forever
You and me forever walking
There's a space where my heart has been
Running to you
Listen to my thoughts one by one
One by one
One by one

She just wants to rock'n'roll
Rock'n'roll
C'mon now, c'mon
Take it from me
Take it from me
She got my heart in the hand
She got my heart in the hand
She got my heart in the hand
She got my heart in the hand
She got my heart in the hand

See the song it sings forever
You and me forever walking
There's a space where my heart has been
Running to you
Listen to my thoughts one by one
One by one
One by one
