

Maureen McGovern, Right As The Rain

Right as the rain
That falls from above
So real, so right
Is our love
It came like the spring
That breaks through the snow
I can't say what it may bring
I only know, I only know

It's right to believe
Whatever gave your eyes this glow,
Whatever gave my heart this song
Can't be wrong
It's right as the rain
That falls from above
And fills the world with the bloom
Of our love

It's right to believe
Whatever gave your eyes this glow,
Whatever gave my heart this song
Can't be wrong
It's right as the rain
That falls from above
And fills the world with the bloom
Of our love

As rain must fall
And day must dawn,
This love, this love
Must go on
