Dance all night with you
We get high on the beat
We move like never before, I

You've got to dance like you want dance
You've got to feel it like nobody sees
You've got to move like? you want to move
You've got to sing it like you want to sing I

Like never before, I

Dance like you want dance
You've got to feel it like nobody sees
You've got to move like? you want to move
You've got to sing it like you want to sing I
