

# Max Mutzke, Not Right

I know, yes I know  
Too often we lost control  
Endless talks, no results.  
Where are we going from here?  
There's no point, it's your call  
Fighting a battle that's lost  
Time to act, fading love  
Well that explains

Girl you have no right  
To criticize, you tear us apart  
And it's not kind of funny  
But you are not right  
I have to decide which way to go  
And it will be without you  
You have no right, you have no right

I feel, well I feel, we've lost all good memories  
I tried hard, oh real hard,  
Fruitless attempts to come back  
Moving on, need to go, Gravity's pulling me down  
Can I leave here in peace? Well that explain

Girl you have no right  
To criticize, you tear us apart  
And it's not kind of funny  
But you are not right  
I have to decide which way to go  
And it will be without you  
Girl You have no right, you have no right

Oh, when I'm thinking of us  
I can't recall good times  
You have scared my dreams  
Cause you're hurting so much

You have no right  
To criticize, you tear us apart  
And it's not kind of funny  
But you are not right  
I have to decide which way to go  
And it will be without you  
You have no right, you have no right

You have no right, you have no right  
To criticize, you are not right
