

# Max Romeo, Three Blind Mice

I went to a party  
Last saturday night  
When I reached the party  
Everything was right  
Then Babylon raid, them raid, them raid  
Me gets me 'fraid, me gets me 'fraid  
It was like three blind mice  
You could-a see how dem run  
It was like three blind mice  
You could-a see how dem run  
Baddie sticks start flyin'  
Man start to bawl  
Some jump de fence  
Some put off defense  
But it gets me 'fraid  
When Babylon raid  
The police checked the deejay  
Tell him to turn off sound  
The crowd never like that  
Them start gathering 'round  
Let the music play, let it play, let it play  
Let the music play  
It was like three blind mice  
You could-a see how dem run  
It was like three blind mice  
No man no want go a jail  
Let the music play, let it play, let it play  
Let the music play  
Let the music play  
Let it play  
Let it play
