

Max Urban, Best Party In Town (feat. Rocky Rock)

Everybody on the floor, oh, oh, oh, oh
We gotta let go, oh, oh, oh
We're about to get faded, that's for sure
You just got to be down
Cause it's the best party in town

I'm inspired by the city lights, Grey Goose in my sight
Back drop check it out, this right here party town
Swiss Airline here I am, from LA let's begin
Started from the airplane, askin' for my second drink
So long daily "give a f**k", I'm just down another round
Sightseeing look around, you is so amazing
I can see girls booty shaking, come to me
I'm right here, DJ Booth make-making deals
This my life, droppin' hits

Everybody on the floor, oh, oh, oh, oh
We gotta let go, oh, oh, oh
We're about to get faded, that's for sure
You just got to be down
Cause it's the best party in town

Oh, oh, oh, oh
We gotta let go, oh, oh, oh
We're about to get faded, that's for sure
You just got to be down
Cause it's the best party in town

Droppin' hits around the world, my style is sick
Can't compare me, one of a kind
I guess you can say that I'm a dime, that's for sure
Chasing dreams, I ain't got time for little things
Life is short, to be stressin', makin' paper, I ain't messin'
Inspiration got me goin'
So I'm down, we eye to eye, we can fly high to the sky
Hold my hands, we take our time
Makin' sure that you are fine
Cause you're about to do this right, spotlight,
Do your thing, I'ma sit back get it in
Party till the a.m.

Everybody on the floor, oh, oh, oh, oh
We gotta let go, oh, oh, oh
We're about to get faded, that's for sure
You just got to be down
Cause it's the best party in town

Oh, oh, oh, oh
We gotta let go, oh, oh, oh
We're about to get faded, that's for sure
You just got to be down
Cause it's the best party in town
