

# Maxeen, Take The Weight Off

mommy it hurts  
need you touch  
to take the weight off  
daddy i'm broke  
need your funds  
to get me through this  
i need a drink  
maybe that'll  
take the weight off  
doctor i'm sad  
psych degree  
can take the weight off  
love takes too long  
but the sex  
will get me through this  
christ as a crutch  
maybe that'll  
take the weight off  
mommy i'm sad  
need your touch to  
take the weight off  
daddy i'm broke  
need your funds  
get me through this  
sis fucks in cars  
thinks that'll  
take the weight off  
brother is dead  
cause he couldn't  
take the weight off  
you once shared your heart  
thought the trust could  
take the weight off  
time is so strong  
and the numbness  
gets you through this  
six billion souls  
but no one to take the weight off
