

Maxeen, Take The Weight Off

mommy it hurts
need you touch
to take the weight off
daddy i'm broke
need your funds
to get me through this
i need a drink
maybe that'll
take the weight off
doctor i'm sad
psych degree
can take the weight off
love takes too long
but the sex
will get me through this
christ as a crutch
maybe that'll
take the weight off
mommy i'm sad
need your touch to
take the weight off
daddy i'm broke
need your funds
get me through this
sis fucks in cars
thinks that'll
take the weight off
brother is dead
cause he couldn't
take the weight off
you once shared your heart
thought the trust could
take the weight off
time is so strong
and the numbness
gets you through this
six billion souls
but no one to take the weight off
