

Maxi Priest, Close To You

She was A Jezebel, this Brixton queen
Livin the life like a back street dream
Tellin mi lies when the truth was clear
I think she knew what I wanted to hear
Spinnin mi round like a wheel on fire
Walkin on tightrope, my loves high wire
Fatal attraction is where Im at
Theres no escapin me
I just wanna be close to you
And do all the things you want me to
I just wanna be close to you
And show you the way I feel
I feel love
When Im lying in the midnight hour
Holding you just like a dream
Love is never what it seems
When we touch
And youre holding me the way you feel
Girl, you make my dreams come true
You make my dreams come true
I just wanna be close to you
And do all the things you want me to
I just wanna be close to you (Huh)
And show you the way I feel (Huh-huh-huh)
She was a Gemini on the cusp of Mars
She holds mi back or she too far
Windin mi up just to let her down
So emotional, gagged and bound
Theres more to this than meets the eye
A devil woman locked inside
With the full moon rising, I was scared
I think I was possessed
I just wanna be close to you
And do all the things you want me to
I just wanna be close to you (Huh-huh-huh-huh-huh-huh)
And show you the way I feel
I feel love
Every time your bodys next to mine
Something deep inside of me
Wants to love you endlessly
When we touch
Girl, you dont know how it makes me feel
I just cant believe its real
I cant believe its real
I just wanna be close to you
And do all the things you want me to
I just wanna be close to you
And show you the way I feel
She got an attitude, I cant explain
You never know if youre in frame
Tying me up with elastic words
Im on the countdown till I get heard
Her blood was hot, she burned so bright
A neon sign there in the night
Its hard to say if I went too far
My heart still bears a scar
I just wanna be close to you
I just wanna be close to you (Huh-huh-huh-huh)
(I just wanna be close to you) She was A Jezebel, this Brookstown queen
Livin the life like a back street dream
Tellin mi lies when the truth was clear
I think she knew what I wanted to hear
(I just wanna be close to you) Spinnin mi round like a weed on fire
Walkin on tightrope, my loves high wire

Fatal attraction is where I'm at
There's no escaping me
I wanna be close to you
And do all the things you want me to
I just wanna be close to you (I just wanna be close to you, baby)
And show you the way I feel
I wanna be close to you (Baby)
And do all the things you want me to
I just wanna be close to you
And show you the way I feel
