

Maxwell, Till The Cops Come Knockin'

Didn't you dig the way I rubbed yo back girl
Wasn't it cool when first I kissed yo lips
Was it enough to penetrate yo dark world
Or were you embarrassed about the way you freaked
Well I wanna hold you
I wanna know you baby
If it's alright

[1] - Gonna take you in the room suga'
Lock you up and love for days
We gonna be rockin baby
Till the cops come knockin
Pappa gonna have to leave
A message on the telephone baby
There won't be no stoppin' me
Till the cops come knockin'

Six on a Thursday night and you be jonesin baby
For a brother to hold you tight and keep on goin
Last lover came and went
Didn't even hug n' kiss you n' caress you
Gimme a call it's cool the M's all open
Im open wider than oceans
I'll be your lotion
If it's alright

Gonna take you in the room suga'
Lock you up and love for days
We gonna be rockin baby till the cops come knockin

[Repeat 1]

Please you tease you eat you
Make you feel so good inside
Loving you long if that's alright?

Gonna take you in the room suga'
Lock you up and love for days
We gonna be rockin baby till the cops come knockin

[Repeat 1]
