

Mayhem, Psywar

Human labrats terrorized
Altared personas triggered
Stalked individuals irradiated
Torture, submission
A detour to suicide
Disassociation
Subhumanization
Born behind enemy lines
The battlefield is our minds

Phoenix, from the ashes of failure
Velon
Bloodprime
Your souls undermine
Symbols burned inside

Psywar!
Pull the trigger
Psywar!
Kill the targert
No future
Lost forever
Psywar!
End of torment
