

Mazzy Star, Ride It On

Ride it on baby
Into my view
Ride it on baby
Into your side
Ride it on baby
Just like you used to do

Did you want me to love you
Well, I'm just here for the call
And you said that you're so low
Well, I won't really do you any harm
Won't you ride it on baby
Just like you used to do

There's no love that you're over feeling
And you still want to be with me
But you're leaving like you said that you would
I'm waiting for the call
And you love like you always say now
But you know it won't do you any harm

Ride it on baby
Just like you said that you would
Oh then ride it on baby
Just like you know it's understood

Ride it on baby
It's still into your view
Ride it on baby
I only want to be with you

I'm dreaming that you're going far
And you lie, take and whine
Won't you ride it on baby
But you're so heavy for the price
Ride it on baby
Just like you said that you would
