

Mb Riders, Run Away

i would give my life for you,
you mean the world to me,
baby,baby,baby,baby,ohh
you know i love you,
and i wanna get together so we can run away,
just me and you ,you and me
will you run away with me,

The day i wrote these words for you i cried,
i could have died that day, a happy and complete man,
cause in the palm of my hand, had everything I dream for and more,
and you know that i'm down for yours forever in life,
the reason i made you my wife,
is cause you see me for me the real me,
and love me unconditionally,
even with the circumstances I was handed you still gave me a chance,
and that's why i live and breathe for you and the kids,
and you give me more than what this thing could ever give,
and now my life is satisfied and complete,
visions are comin true yeah of me and you,
placin rings on each others fingers sayin i do ,
you stuck with me through my thick and my thin,
to go back and live life over again naw this is my destiny,
it was worth the agony to get the ectasy,

chorus:

we can run away and spend some time,
i'll always be the one right by your side,
tell the whole world you belong to me,
you are my everything,
ohhhh i wanna run away with you,
do do do do do do
i never met a shorty that was quite like you,
and even though it was wrong i fell in love wit you,
and now we sit here not really knowin what to do ,
but i'm sure that you know i'd give the world for you,
if i could run away wit you i wouldn't even think twice,
i promise girl i put it all on the line,
i know forever seems to be a long time ,
but thats what i'm seein when i look into your eyes,
and it don't matter what your friends might say,
cause i know deep inside you feel the same way,
you can tell me what you want,but i can read your mind,
so quit lyin to your self and put your hand in mine,
i get excited everytime you come close,
and bein right here wit you is what i love the most,
so anytime your feelin lonely inside we can run away
together and leave this world behind,

(chorus)

wakin up in the morin and your still not there,
can we run away and escape somewhere,
missin your soft touch your lips next to mine,
holdin up your hands as u look in my eyes
what must have happened to the love we both felt inside
emotions were strong and the feeling was right
but we dont speak anymore, you went your own way
If thats what love's about then i was mislead
go ahead and take your time if that's what u need
My love for you's forever
my heart for you bleeds
things happen for a reason so i ask myself
should i be strong to wait or move on to someone else

I know u still love me i can feel it inside
u always kept it real no games no lies
if u ever feelin lonely feel the need to get away
call me up ill be there together well run away girl
Chorus
