

Mc Chris, Robot Birthday

Go Robot, it's your birthday.
Go Robot, it's your birthday.

Your one year older, one year wiser.
Rock n' Roll star king czar and a kaiser.
A room full of friends, a mouth full of cake.
Every present is for you and it feels pretty great.
You're the man of the hour, the V.I.P.
You get the first slice of the p.i.e.
But first blow out the candles and make a wish.
Put a smile on cus it's your birthday bitch!

Go Robot, it's your birthday.
Go Robot, it's your birthday.
