

Mc Eiht, Black Pussy

(feat. Crooked I, Dresta)

[Dresta]

Ay wassup?!

Haha

Y'all jump on in

It's my homeboy Crooked I

I'm Dresta Tha Gangsta kna 'mean?

We supposed to pick up my homeboy Eiht

I wan' try to hit him up right now to see what's happ'nin

[Verse 1: Dresta]

I know you love it, the most rugged Mc's, out the Gate

It's Dresta with them drunkest Crooked I and the Eiht

Oh-Oh, 2 Compton niggas known for freakin 'em right

Man, Crooked late at night got 3 and they tight

In the Bourbon, swervin', do Irvine try'na catch Eiht

So we can hook him with the 3rd fine lady

Named Mercedes, got a body like a 'Maserati'

Thinkin to myself: 'I must be crazy! Tryna give away this hottie!'

Now I glance at the passenger seat

Can't deny that this girl by my side was just too damn fly

Too Jeopardized, I just glanced at her eyes

And them caramel thighs make my main man rise

Can't wait to re-arrive at the 'tele

So I can lick them honey off that ring on her belly

For so', I glance in the mirror once mo'

Loc, I gotta catch Eiht 'cause I know he gon' love this hoe

[Chorus]

Real G's get lonely

We can have fun but bring some for the homie

(Sweet Black Pussy)

I only fuck with real niggas only

We can have fun but bring some for the homie

(Sweet Black Pussy)

[Verse 2: MC Eiht]

I gives a damn how these hoes tryna floss these days

Cause they still gets the nuts, fucks tramps and sluts

I must have kill it, the way you want me, ride the pony

'Secrets' like Toni(Braxton), members only

Dresta, I heard they turn in tricks for bucks

2 tricks get the dicks hard, ready to suck

Don't be havin me in suspense, but in the meanwhile

I be dippin up in the LB with C-Style

Back to the CPT, home bud and Tanquerina

Beatin' up the pussy like Ike(Turner) beat up Tina(Turner)

You know me, the gangsta love'll never wine and dine

Keep it tight, anytime I fuck it like [name]

Lately the Hype, I know it ain't right

3 a.m. I ring your phone every night

Let's play house, no cat and mouse

Don't floant it, Eiht just give it how you want it

But in the end don't press your luck

Because ain't no bitch like the bitch I fucked!

[Chorus]

[Verse 3: Crooked I]

Fuck the bullshit, the pimps at the pool pit

I know that you want chips but dick is all you get

I knock them skins out like always trained by custom auto

Never givin' a bitch shit, that's a hustlers motto

Except sumptin' to swallow
Now your boyfriend wanna follow
Hit a nigga with a hollow tip and fuck the bitch tomorrow
I can never be your simp, trick!
I'm slappin bitches with 9 inches, the limp dick
Plus a pimps dick
Dig short, small, diggin 'em large and tall
Y'all the bigger they are the harder they fall
I fuck 'em all!!
The hoe-philosopher, broke, dope and popular
Still strokin' , now goin deeper than Ocean (??)
I got your 'bra, gettin ready for the pony ride
Doggy-style, so I can hit the backsiiiiide
Grab the head pump that ass in the air
What did you know?
The hoe hollered:'how ya do dat dere?!

[Chorus]

...Sweet Black Pussy... [till the end]
