My dream will come true in the world of music  
My dream will come true with you

My dream will come true in the world of music  
My dream will come true, will come true with you

You give me the reason to make the music for you  
You adore my music and we adore you

What you wanna hear is comin' to you very soon  
We meet you and my dream will come true

We love ya all on a concert, on a disco  
We start the show we say 1,2,3 ready go  
I'm gonna do, what like and I'm gonna do it for ya  
I am so happy, 'cause my dream will come true
