

# McAuley Schenker Group, Lonely Nights

Keep the home fire burnin' girl  
Even though I'm gone  
Cause you know I'll be back again  
Just like there's nothin' wrong  
Gets lonely in the night time  
All I do is think of you  
24 hours of every day  
I'm goin' crazy Yeah! Yeah! Yeah!

When I walk through your door  
I'll give you what you want  
You want love babe  
Gonna give you some love babe  
Been so hungry for your touch  
I hope my heart can take it  
Can you take it. ooh'  
Really take it

Those lonely nights won't gonna away  
Until your lovin' arms are wrapped around me every day  
Lonely nights, Lonely nights

They won't go away  
well I just can't wait to see you babe

This road gets weary babe  
(But) I know I gotta face it  
In my heart I got your photograph  
(Cause) it's the safest place to keep it  
Another thousand miles today  
Soon be back in good LA.  
One more hotel then I'm home  
Get ready baby, here I come

When I walk through your door  
Into your lovin' arms  
Gonna gimme' your love babe  
Gonna give you my love babe  
Been so long I can hardly wait  
I can feel the rush  
Ooh' Push it baby  
Rocka-Bye Baby
