

# McAuley Schenker Group, Love Is Not A Game

You feel it...and I feel it  
There's no new words to say  
You're changin'....Re-arrangin.....  
There's a whole new game to play  
But this time I think I've lost  
Only memories of the past  
Tell me where did I go wrong  
Was it you...all along?

Chorus:

Love is not a game...the stakes are high...you're playin' with fire...  
Love is not a game....Knock over the pieces...and start it again  
You know it, 'Cause you show it  
You could never hide it from me  
And I'm tryin'....really tryin'.....  
To be what you want me to be  
These emotions are killing me  
But I can't let go...-Are you crazy?  
Thought the pleasure had just begun  
Look what we have become.....
