

# McAuley Schenker Group, No Time For Losers

The past is over the future's here  
Get drunk on memories of yesteryear  
We're gonna stop!  
Our whole existence computerized  
Yet still we stand up and we criticize  
We're gonna stop!

(Chorus:)  
No time for losers  
Stop hiding in the shadows, no time to lose  
No time for losers  
Look for the things that matter  
No time to lose

The life we're living takes precedent  
We don't ask for permission  
We don't need your consent  
We're gonna stop!

(Chorus)

Don't forget to smile  
Children need a happy face  
To make it all worthwhile  
We'll change this kinda lifestyle  
Bring out the best in me  
Bring out the best in you  
We never take time for little things  
How quick we forget our romancing  
We're not gonna stop  
The past is over, the future's here  
We're all drunk on memories of yesteryear

(Chorus)
