

McBride & The Ride, Going Out Of My Mind

Oh the light in your eyes is not shining, the way it used to
And I feel our love is dying
After all the years, the laughter and the tears
Baby please don't tell me that it's over

CHORUS:

I can't stand the thought of you, growing out of my mind
I can't see me without you, here in my mind
I can't stand the thought of you, going out of my mind.
Going out of my mind

Oh I can't understand what you're doing, it's tearing us apart
Cause I think that you're leavin'
I can't stand the pain, never loving you again
Baby please don't tell me that its over

CHORUS

Tell me, tell me I'm crazy
Tell me, tell me I'm wrong

CHORUS

Going out of my mind, going out of my mind.
