

# McFly, POV

I'm getting tired of asking,  
This is the final time,  
So did i make you happy?  
Because you cried an ocean,  
and theres a thousand lines  
about the way you smile  
fading in my mine  
but every single word's a lie  
Chorus...

I never wanted anything to end this way  
you can take a blue sky and turn it grey  
i swore to you that i would do my best to change  
but you said it dont matter  
im looking at you from another point of view  
i dont know how in hell i fell in love with you  
i wouldn't wish for anyone to feel the waaayy i do.  
is this a sign for heaven,  
showing me the light  
was this supposed to happen?  
im better off without you  
so you can leave tonight  
and dont you dare come back and try to make things right  
cuz i'll be ready for a fight

I never wanted anything to end this way  
you can take a blue sky and turn it grey  
i swore to you that i would do my best to change  
but you said it dont matter  
im looking at you from another point of view  
i dont know how in hell i fell in love with you  
i'd never wish for anyone to feel the waaayy i do.

Hey

I never thought anything would end this way  
you can take a blue sky and turn it grey  
i swore to you that i would do my best to change  
but you said it dont matter  
im looking at you from another point of view  
i dont know how in hell i fell in love with you  
i wouldn't wish for anyone to feel the waaayy i do.  
and you said and you said and you said (i do)  
and you said and you said and you said (i do)  
and you said it don't matter  
and you said and you said and you said (i do)  
and you said and you said and you said (i do)  
and you said it don't matter  
and you said and you said and you said  
and you said and you said and you said  
and you said it don't matter  
and you said and you said and you said  
and you said and you said and you said  
and you said it don't matter.
