

McLusky, When They Come Tell Them No

I was hiding from Alanis when they found me in my hole.
That woman drives me crazy but some feelings never go.
But what I want to know what I really want to know.
Can I trust you with my life.

When they come tell them no no no.
He keeps you in his pocket cos he doesn't want to let you go.

I was breaking up for easter when they took away my cross.
Provisionally speaking half the irony was lost.
But what I want to know what I really want to know.
Can I trust you with my life.

When they come tell them no no no.
He keeps you in his pocket cos he doesn't want to let you go.
