

# Me And My, Let The Love Go On

Chorus:

Let the love go on, on and on  
It's so cold out there  
Take my hand  
And you'll be strong, on and on  
With our love we can lay down the world  
Let's lay down the world

I know you say that all my dreams won't come true  
I know you feel that I am blind, just a fool  
But if you just listen once  
And if you just tried it once  
You'll feel the peace in your soul

Chorus

Day by day, I see the love in your eyes  
I know you feel you build your life on a lie  
Cause now you know how strong it is  
You see how love can give you peace  
You hold the key to your soul

Chorus

Take my hand and you will see  
Sweet love in harmony  
With our love we can lay down the world

Chorus
