Me And My, Let The Love Go On

Chorus:
Let the love go on, on and on
It's so cold ont there
Take my hand
And you'll be strong, on and on
With our love we can lay down the world
Let's lay down the world

I know you say that all my dreams won't come true I know you feel that I am blind, just a fool But if you just listen once And if you just tried it once You'll feel the peace in your soul

Chorus

Day by day, I see the love in youe eyes I know you feel you build your life on a lie Cause now you know how strong it is You see how love can give you peace You hold the key to your soul

Chorus

Take my hand and you will see Sweet love in harmony With our love we can lay down the world

Chorus
