

# Me And My, You Do That Thing

Chorus:

You do that thing to me baby  
I got that thing for you baby  
You do that thing yo me baby  
when you're with me 24-7 baby, satisfaction guaranteed

When you look into my eyes  
What I feel I cannot hide  
Cause what you did to me I truly can't erase  
Remember my face when you.  
I let my bode take control as you went deep inside my soul  
And you sure know how to work it baby  
Just keep on workin' baby

Chorus

I'm as good as I can be  
When you bode's close to me  
I want you every day and night  
Boy can't you see 24-7 baby, satisfaction guaranteed  
I let my body take control as you went deep inside my soul  
And you sure know how to work it baby  
Just keep on workin' baby

Chorus

Just move that body cause you know I like to see you sweet  
I promise you I'll do it right and that you won't forget  
No other man can do it like you do it, do it baby  
Let me take control
