

Me'Shell Ndegeocello, Criterion

Written by Me'Shell NdegOcello

Yeah

So its me

And some other shit

'Cause it tells you

Every thang that you wanna hear

Buy you

Say you

Take you

Know you

Know you

Soothe you

And please you

I Love you

Until these days are gone

Yeah

I Love you

Until these days are gone

'Cause I'll always Love

You

I'll always Love you

Let me ease your pain

Let me ease ya

Ease your pain

Let me ease ya

'Cause I'll always Love you

I'll always Love you

I said let me ease your pain

Let me ease ya

I said let me ease your pain

Let me ease ya

I'll reveal to you all I see

All I see, all I see

Show you the way

Let me free you

With the warmth of the rising sun

Free you

With the warmth of the rising sun

Cause I'll always Love

You

I'll always love you

Yeah

Let me ease the pain

Let me ease ya

Ease the pain

Let me ease ya

'Cause I'll always Love

You

I'll always Love you

Yes I will

I said let me ease your pain

Let me ease yah

I said let me ease your pain

Let me ease yah

Free you with the warmth of the rising sun

Let me

With the warmth of the rising sun

With the warmth of the rising sun

'Cause I'll always Love

You

I'll always Love you

I said let me ease your pain

I said let me ease your pain

Yeah

'Cause even though you break my heart
My wretched soul won't forsake me
Won't forsake me
Yeah
Cause even though you break my heart
Don't forsake me
Always
Love you
Lift me high
Lift me high
Lift me high
Lift me high
Take me high
Take me high
Don't forsake me
Don't forsake me
Hide me
Only one that Loves me
Only one that Loves me
Only one to hold me
Ease my pain
Yeah.
