

# Me'Shell Ndegeocello, Satisfy

Only you satisfy me only you satisfy me  
Only you  
Only you satisfy me only you satisfy me  
The rays of the sun greet my body  
I am naked in your world  
Come walk me through the garden  
And fill me with your love  
I've searched my whole life this life  
For the reason that we cry  
Just one kiss then I close my eyes  
Only you satisfy me only you satisfy me  
Only you  
Only you satisfy me only you satisfy me  
Alone I am never  
I am but one of many  
And you have so that I may see  
Freedom amidst this mockery  
I hold out my hand and touch heaven  
Tear out my grieving heart  
But you come and fill it with love  
Only you satisfy me only you satisfy me  
Only you  
Only you satisfy me only you satisfy me
