

# Meadows End, Beyond Tranquil Dreams

I've lost the sense of what is real.  
My body tormented, faltering.  
All these scars I bear cannot heal.  
My suffer in life, the dream.

Led astray by the tranquility to my liege.  
I will cease to exist.  
As the twilight releases a silence within me.  
The scorn is fulfilled.

My body tormented.  
With anguish I swallow my pride.  
It abuses me, to the darkness.  
The shattering and do appeal.  
Revelations of a Gods end.  
Tells me to sleep in my dreams.

My bewildered gaze endlessly.  
Scoring the emptiness.  
My mind is hollow, my liege set free.  
All my memories, leave me be  
Im beginning to see.  
The world of chaos and burning seas.  
Im neglected but free.

Still I suffer the worst of fears.  
I am blinded, my life is torn.  
Shattered inside my silence grows.  
Nothing can be done.  
Reveal my scorn

My body tormented.  
With anguish I swallow my pride.  
It abuses me, to the darkness.  
The shattering and do appeal.  
Revelations of a Gods end.  
Tells me to sleep in my dreams.

Ive lost the sense of what is real.  
My body tormented, faltering.  
All these scars I bear cannot heal.  
My suffer in life, the dream.  
Im beginning to see.  
The world of chaos and burning seas.  
Im neglected but free...
