## Meat Loaf, Bad For Good

(Steinman)

The sea is whipping the sky The sky is whipping the sea You can hide away forever from the storm But you'll never hide away from me The icy cold will cut us like a knife in the dark And we may lose everything in the wind But the Northern Lights are burning And they're giving off sparks I want to wrap myself around you like a winter skin

You know I'm onto your scent We're near the end of the chase Take a look out your window and I'll be there in the night Your love is so close that I can almost taste it The icy cold will cut us like a knife in the dark And we may lose everything in the wind But the Northern Lights are burning And they're giving off sparks I want to wrap myself around you like a winter skin

You've been living your life like a girl in a cage And you whisper when I want you to shout And I wonder why you wanna go on sleeping When there's nothing left to dream about But you better remember If it's something I want then it's something I need I wasn't built for comfort I was built for speed If it's something I want then it's something I need I wasn't built for comfort I was built for speed

And I know that I'm gonna be like this forever I'm never gonna be what I should And you think that I'll be bad for just a little while But I know that I'll be bad for good I know that I'll be bad for good I know that I'll be bad for good

Your eyes are darker than sin And I've been watching them glow Take a chance on a promise and a roll of the dice Put your foot on the gas, let it go, let it go, let it go

You've been living your life like a girl in a cage And you whisper when I want you to shout And wonder why you wanna go on sleeping When there's nothing left to dream about But you better remember If it's something I want then it's something I need I wasn't built for comfort I was built for speed If it's something I want then it's something I need I wasn't built for comfort I was built for speed

And I know that I'm gonna be like this forever I'm never gonna be what I should And you think that I'll be bad for just a little while And you think that I'll be bad for just a little while And you think that I'll be bad for just a little while But I know that I'll be bad for good Bad for good Bad for good

For the good of some thrills on a long frigid night For the good of the fire in your soul For the good of the kiss let me hold you so tight For the good of getting out of control For the good of the action and a race in the dark For the good of those chills up your spine For the good of the rock and the roll in your heart For the good of what's yours and what's mine For the good of believing in a life after birth For the good of your body so bright For the good of the search for some heaven on earth For the good of one hell of a night

For the good of the action and a race in the dark For the good of the fire in your soul For the good of the rock and the roll in your heart For the good of getting out of control For the good of believing in a life after birth For the good of your body so bright For the good of the search for some heaven on earth For the good of one hell of a night, for the good of one hell of a night

God speed! God speed! God speed! speed us away! God speed! God speed! God speed! speed us away!

I'll be bad for good (God speed) I'll be bad for good (God speed) I'll be bad for good (God speed) Speed us away, speed us away, speed us away

The sea is whipping the sky The sky is whipping the sea You can hide away forever from the storm But you'll never hide away from me The icy cold will cut us like a knife in the dark And we may lose everything in the wind But the Northern Lights are burning And they're giving off sparks I want to wrap myself around you like a winter skin

I know that you can be bad At least a little while But if you give me a chance, give me one little chance And give me all the love that you should Then instead of being bad for just a little while Then instead of being bad for just a little while Then instead of being bad for just a little while

I'm gonna make you bad for good I'm gonna make you bad for good I'm gonna make you bad for good I know that you'll be bad for good You'll be bad for good
