

Meat Loaf, If This Is The Last Kiss (Let's Make It Last All Night)

I know you're going
I know this is goodbye
And I can't make you stay no matter, no matter how I try
But ooh, if you're leaving
Please grant this one request, and leave my heart with some happiness

If this is the last kiss, let's make it last all night
If this is the last time I'm ever, ever gonna hold you
Let me hold you tight 'till the morning light
If this is the last time, ooh we'll ever be together
Kiss me and baby give me something tender to remember you by

If I can't be with you, ooh baby all my life
The next best thing is you next to me, all through the night
Pull all the shades down
Put your heart next to mine
Tonight give me a chance to feel heaven just one more time
And ooh, if you're leaving
Honey I'll set you free
Just leave my arms this one sweet memory

If this is the last kiss, let's make it last all night
If this is the last time I'm ever, ever gonna hold you
Let me hold you tight 'till the morning light
If this is the last time, ooh we'll ever be together
Kiss me and baby give me something tender to remember you by

If I can't be with you, ooh baby all my life
The next best thing is you next to me, all through the night

If this is the last kiss, let's make it last all night
If this is the last time I'm ever, ever gonna hold you
Let me hold you tight 'till the morning light
If this is the last time, ooh we'll ever be together
Kiss me and baby give me something tender to remember you by
