

# Meat Shits, Hairless But Hard

An invitation to violence I don't need  
I prey upon your fear I need to feed  
Innocent girls turn me on the most  
For this night of rape I will be your host  
Bound and gagged for a night of lust  
To get more intense I smoke angel dust  
Beat you, whip you f\*\*k you in the cunt  
Urinate then defecate I must be so blunt  
Sodomize your anus I will hear you scream  
I keep reminding you this is not a dream  
And still you continue to ask me why?  
But as soon as I cum ... you will die!
